

# Tight control in paediatric Crohn's disease

Putting theory into  
clinical practice

**WEDNESDAY  
23 JANUARY 2019**

**17:00–18:00**

Room: College Suite

**BSPGHAN AbbVie  
sponsored symposium**

**JOIN US** at this interactive symposium to evaluate the importance of a tight control approach in paediatric Crohn's disease (pCD) through:

- Utilising biomarkers and TDM
- Incorporating lessons from adult care
- Clinical case study discussion

## CHAIRD BY

**Professor David Wilson**  
*The University of Edinburgh*

## SPEAKERS

**Dr Tim Raine**  
*Addenbrooke's  
Hospital, Cambridge*

**Dr Rafeeq Muhammed**  
*Birmingham  
Children's Hospital*

| TIMINGS     | TOPIC   | FACULTY         |
|-------------|---|-----------------|
| 17:00–17:05 | Welcome and introduction                            | David Wilson    |
| 17:05–17:20 | Optimising outcomes: When to escalate and why       | David Wilson    |
| 17:20–17:35 | T2T, TDM and tight control: Lessons from adult care | Tim Raine       |
| 17:35–17:50 | Tight control in pCD: A case study                  | Rafeeq Muhammed |
| 17:50–18:00 | Q&A   | All             |
