

Conference on Feeding and Eating in Infancy and Early Childhood

1st March 2010

At

The Institute of Child Health, Guilford St, London WC1

Conference Convenors: Rachel Bryant-Waugh and Una McCrann

This is a one-day multi-disciplinary academic conference on feeding and feeding disturbances in children.

The emphasis will be on research developments relating to developmental, systemic and bio-behavioural aspects of feeding and feeding disorders.

Aims of the day:

- providing delegates with an update of research in this field
- facilitating networking between clinicians and academics
- stimulating and exploring opportunities for future collaborative clinical research links

Conference Format

A **Keynote presentation**, two **plenary sessions**, two **parallel short paper sessions** consisting of selected papers delivered by delegates, plus **selected posters**.

Topics:

Eating behaviour and weight; sensory sensitivity and temperament; family influences on feeding; development of emotional eating; the role of reinforcement in shaping feeding behaviour.

Speakers include:

- Dr Jackie Blissett
- Dr Lucy Cooke
- Dr Helen Coulthard
- Dr Gill Greville-Harris
- Professor Jane Wardle

Abstract Submission:

The abstract submission site for poster and oral presentations will be open from **7th September 2009 until 30th November 2009**. Abstract submission forms can be accessed via www.ichevents.com.

Who should attend?

• The conference will be of interest and relevance to academics working in the field of feeding behaviour and to clinicians working in a variety of settings with infants, children and their families who present with feeding difficulties.

FEES:

£80 if you book before 15th January 2010
£100 after 15th January 2010
