

National Intestinal Failure Working Group annual study day

Focus on Infants

FRIDAY 20TH SEPTEMBER 2019

Mercure Bristol Grand Hotel

This day is FREE of charge and open to all professionals involved in the care of babies and young children who wish to learn more about intestinal failure

Program to include:

- Abstract presentations
- Nutritional needs of preterm infants, challenges of surgery and ethical decisions
- Preparing children for discharge on HPN
- Quality of life of children with intestinal failure
- Strategies for reducing PN dependence

Learning outcomes to match the RCPCH progress curriculum

Abstracts on all areas of intestinal failure will be selected for oral presentation – quality improvement work particularly welcome

Please contact nifwg19@bspghan.org.uk to register/submit abstract.

Structured abstracts, Max 300 words including aim, method, outcome/results, conclusion

Submission deadline 23rd August 2019
