# ESPGHAN 2<sup>ND</sup> MASTERCLASS ON COELIAC DISEASE

Coeliac Disease research and clinical activity has a strong tradition within ESPGHAN with a number of guidelines from the 1960's and onwards, and with a successful masterclass before the COVID-19 pandemic.

The programme will appeal to basic researchers as well as clinicians, as CeD has a unique position as an autoimmune disease involving biochemistry, immunology, food science and well as paediatric gastroenterology.

For further information on the programme and registration please visit

## Programme

[www.espghan.org](http://www.espghan.org)

### Day 1: Thursday, August 31, 2023

15:00 – 15:45 *Arrival and Registration*

15:45 – 16:00 *Welcome and overview*

#### Session 1. Coeliac disease: Epidemiology and Clinical aspects

16:00 – 16:30 *Coeliac disease across the world (R. Shamir)*

16:30 – 17:00 *Clinical manifestations in childhood and adolescence (R. Auricchio)*

17:00 – 17:30 *Risk factors for coeliac disease (K. Stordal)*

17:30 – 18:00 *Associated diseases in coeliac disease (S. Koletzko)*

19:00 *Dinner*

### Day 2: Friday, September 01, 2023

#### Session 2. Immunology, genetics and pathogenesis

08:30 – 09:19 *Immunologic and genetic responses in coeliac disease (L. Sollid)*

09:15 – 10:00 *The role of gluten in coeliac disease pathogenesis (V. Discepolo)*

10:00 – 10:30 *Coffee break*

#### Session 3. Immunology, genetics and pathogenesis cont.

10:30 – 11:00 *Microbiota in coeliac disease development (D. Agardh)*

11:00 – 11:30 *Can coeliac disease be prevented? (C. Meier)*

#### Session 4a. Challenging Cases (presented by participants, compulsory to apply with a case)

11:30 – 12:00 *Clinical case 1*

12:00 – 12:30 *Clinical case 2*

12:30 – 13:30 *Lunch*

#### Session 5. Diagnosis

13:30 – 14:00 *Diagnostic criteria (S. Koletzko)*

14:00 – 14:30 *Pitfalls in histological analysis of biopsies (A. Popp)*

14:30 – 15:00 *Efficiency of antibodies for coeliac disease diagnosis (I. Karponay-Szabo)*

15:00 – 15:30 *Tea break*

#### Session 4b. Challenging Clinical Cases cont.

15:30 – 16:00 *Clinical case 3*

16:00 – 16:30 *Clinical case 4*

16:30 – 17:00 *Clinical case 5*

#### Session 6. Hand outs

17:00 – 17:30 *Practical session on TTG deposits (A. Popp)*

17:30 – 18:00 *Demonstration of rapid POC tests for TGA-IgA (I. Karponay-Szabo)*

20:00 *Networking & Dinner*

### Day 3: Saturday, September 02, 2023

#### Session 7. Treatment and follow-up

08:30 – 09:00 *The gluten-free diet (C. Ribes-Konickx)*

09:00 – 09:30 *Follow-up on children with coeliac disease (L. Mearin)*

09:30 – 10:00 *New tools for dietary compliance assessment (C. Ribes-Konickx)*

10:00 – 10:30 *Assessment of Quality of life: lux or necessity? (L. Mearin)*

10:30 – 11:00 *Coffee break*

#### Session 8. Latest challenging topics

11:00 – 11:30 *Potential CD (R. Auricchio)*

11:30 – 12:00 *Non-celiac gluten sensitivity (R. Shamir)*

12:00 – 12:30 *CD as a model for autoimmunity (L. Sollid)*

12:30 – 13:00 *Therapies beyond the gluten-free diet (Special guest: J. Murray)*

13:00 – 13:05 *Closure and Farewell*

13:10 *Lunch and departure*
