

Training the Paediatric Colonoscopy Trainers – JAG Approved

10-11th October 2024

Sheffield Children's Hospital, western Bank, Sheffield S10 2TH

Learning objectives:

By the end of this study day you will be able to:

- Understand the need to deconstruct endoscopy skills to support acquisition and learning
- Understand the concept and need for conscious competence in both endoscopy skill and the teaching of it
- Practice practical teaching skills and consider how you may use these approaches in your own teaching
- Understand the need for set, dialogue and closure within a teaching episode
- Develop a framework for teaching endoscopy skills including establishing an educational contract and setting SMART objectives
- Understand the importance of well-defined clear instructions in endoscopy training and the benefits of performance enhancing feedback
